Sir

I am desired by His Holiness to bring to your kind notice that the request made to you regarding the construction of a road in front of the Mutt during your your visit to the Mutt in your last tour, has not been executed as promissed by you to His Holiness It is already 6 months over and the matter stands still without any progress

The construction of this road is very useful from all points and I need not narrate its utility here, as you are fully satisfied with the opening of the road from the point of sanitation and public health If I were to say a word about the proposed new road, it adds to the beauty of the Mutt and gives a direct lead to the Mutt from the Jogi Mutt road As it is, the existence of the mutt is not visible to the public from the road side and much in-convenience is being felt during the time of procession of His Holiness. It is therefurged for the early construction of this road. You are once again requested to take up this question and arrange for the early construction of this road

I may also write to you that there is no other problem which pleases His Holiness most than the road problem He is fully confident that this road will be arranged to be done by you , but he will be immensely pleased if the work is done with out any further delay

I am further commanded by His Holiness to express his Choicest blessings on you and your family for all time to come

A line in reply to the above will be very much appreciated
